ERRAPPA CAMPSITE

ERRAPPA'S MISSION

Working in partnerships with young people, the wider community and agencies to promote leadership, team building, self-esteem, a sense of responsibility and respect for oneself and others in the community.

ERRAPPA CAMPSITE

Errappa, South Australia's key learning and development centre for community members and organisations is located 55 km north west of Whyalla in the heart of Iron Knob's historical mining area. The site was selected for its ideal environmental features and remoteness, taking participants out of their usual surroundings to a unique setting, ideal for personal and interpersonal development. The campsite is set amongst native bush-land and desert country, close to extensive cliffs suitable for abseiling. Errappa's ideal location enables groups to participate in high ropes course activities, rock-climbing, bush walking and orienteering.

Offsite activities

include:

- Town tours
- Whyalla Tourist Centre
- Whyalla Fauna Park
- Ten pin bowling
- Beach activities
- Shopping

PROGRAMS

Errappa provides a unique service to clients which ensures programs are individually designed to meet the specific requests of each group. A needs analysis is conducted to establish developmental requirements, facilitators then structure a program of activities strategically planned to achieve relevant objectives. Errappa's programs incorporate an exciting range of indoor training activities with challenging outdoor activities requiring both individual and team work for goal achievement.

THE ERRAPPA TEAM

Errappa's Supervisors are sworn South Australian Police who are fully qualified Camp Facilitators, accredited in outdoor areas of expertise, continually updating their qualifications to be at the cutting edge in their field. Supervisors base their role around empowering camp participants to make their own decisions while encouraging personal growth by setting challenges that take participants out of their comfort zone. Errappa's programs are driven by the philosophy of partnerships between police and participants at a social level to break down the barriers and develop positive relationships.

BENEFITS FOR PARTICIPANTS

Errappa's activity-based programs provide an excellent platform for the development of both personal and interpersonal skills. Errappa's activities:

- ignite motivation
- develop confidence
- encourage leadership
- teach problem solving techniques
- instill the drive for goal achievement

Effective implementation techniques encourage activity involvement and contribution, which effectively promotes personal growth. Teamwork allows participants to discover and experience the benefits of working together, which is vital to an effective and efficient team.

CLIENT BASIS

Errappa's camps are suitable for a broad range of groups because programs are custom designed to meet individual needs. Errappa specialises in programs for young people with various needs including youth at risk, young offenders, indigenous groups, high achievers, intellectually challenged young people and school groups. Being one of the most advanced training centres in Australia, Errappa campsite and activities are ideally suited to corporate groups for team building, training and development programs.
